

Alphabet app

The mobility app for company car drivers

Experience limitless mobility with the Alphabet app and receive comprehensive digital support for your company car. The app lets users find nearby service partners and petrol stations, for example, as well as providing direct access to the digital service card. It also displays service partners and petrol stations in the immediate vicinity of the driver, for instance, and provides direct access to the digital service card.

Mobility benefits for drivers*

-  **Ready to go**
All app functions are self-explanatory and easy for drivers to use.
-  **Service partner search**
Your drivers are forwarded directly to our partner workshops. This saves you unnecessary costs.
-  **Help area**
Your drivers can directly access current FAQs to quickly find answers to all questions.
-  **Contract data**
Your drivers have the most important contract data to hand at all times.
-  **Claims management**
The app lets your employees record accident data digitally at the scene.
-  **Push notifications**
Your drivers will be reminded of things like tyre changes in good time.
-  **Digital service card**
The sustainable solution for your drivers that is always up to date.

* Benefits depend on the services booked in the respective lease agreement.
